

## Revive, Refine & Radiate Kit

- **Gel cleanser:** This cleanser is gentle on the skin yet effective in removing oil, makeup, and other impurities. Enhanced with Aloe Vera and botanical extracts this cleanser leaves the skin feeling clean, clear, and refreshed. Its natural pH balance makes it suitable for all skin types.
- **Toner:** Dermesse Toner is an essential lotion you can use after cleansing. Our alcohol-free toner soothes skin with Aloe Vera and botanical extracts. Formulated to restore the skin's normal pH balance, it prepares the skin, leaving a smoother and more refreshed feeling.
- **Retinol:** This formula contains Retinol at a 1% level in combination with anti-oxidants, anti-irritants, and moisturizers. Some of the benefits of this product are:
  - Reduces redness: Allantoin, Licorice Root Extract, and Aloe are effective anti-inflammatory agents.
  - Improvement in fine lines and wrinkles: A 1% Retinol effectively reduces fine lines and wrinkles.
  - Enhances elasticity and smoothness of the skin: Stimulate the production of collagen, elastin, and elastin assembly in the skin.
  - Yeast Extracts and Vitamins increase skin moisture and provide skin cellular relief and repair.
  - Directions: apply daily
- **Illuminate (hyaluronic acid):** Hyaluronic Acid is a naturally found in the skin, is a powerful hydrator that holds up to 1,000 times its weight in water. We lose Hyaluronic Acid over time. HA a structural part of human skin and connective tissue and has been scientifically proven to be an effective water binding agent. This

added hydration strengthens the skins natural barrier which is important in soothing and calming sun damage, acne, rosacea, and sensitive skin in general. Some benefits of this product are:

- Draws and retains moisture from the environment to soften and invigorate the skin.
- Conditions and smoothes the skin thereby reducing the appearance of fine lines and wrinkles.
- Helps stimulate the production of new collagen to provide firmness and structure.
- **Vitamin C SPF 30:** Non-comedogenic, broad-spectrum sunscreen that helps protect against harmful UVA and UVB rays while addressing the appearance of skin aging with 10% L-ascorbic acid (Vitamin C).
- **Vitamin C microderm polish + mask:** Helps to unveil dramatically brighter, smoother, more youthful-looking skin, with a powerful infusion of 30% L-ascorbic acid (Vitamin C) and ultra-fine crystals for exfoliation. (this product is included with the upgraded kit)
